Highlands Ridge Membership Policies, Rules and Regulations

Below are our current membership policies and procedures. Please review the guidelines in their entirety to familiarize yourself with all of our current policies. We thank you for taking the time to review these and look forward to your continued patronage.

Zero Tolerance Policy: We maintain a zero tolerance policy for any type of harassment toward other members, employees and guests. Should a claim of harassment be reported, we will perform an immediate and thorough investigation. If it is determined, based on the results of our investigation, that a member is in violation of this policy, he/she will be subject to disciplinary action, up to and including the suspension or revocation of membership. Members facing such disciplinary action will not be entitled to a refund of any unused paid portion of the membership.

Private Cart: Any member who wishes to use his/her own golf cart must provide proof of insurance that will be kept on file at the club. Once the proof of insurance has been provided, a staff member will place the current trail sticker in the appropriate area on the member's cart. Should circumstances such as a spouse using a member's cart or a cart being repaired preclude a member from using his/her cart at any given time, the club will provide a cart for \$5.00 to the member.

Golf Cart Rule: Only active members who have signed a cart agreement and have insurance coverage may use their cart on the course. When using the course, we encourage members to please adhere to the following cart rules:

- All four tires of carts should please be kept within the cart path boundaries at all times. However, should a member have a handicap flag on his/her cart, he/she may drive it up to flat areas around greens and tees.

Tee Times: All members must register in the Pro Shop, receive a ticket and check in with the starter before going out to play. This provides the club's staff with the opportunity to provide golfers with their starting assignments and/or updates in regard to the golf course. In addition, this provides us with an accurate count of member rounds for each member.

Failure to check in may result in the loss of a member's original starting tee time. Should a member wish to cancel a tee time or reduce the number of players in his/her party or group, as a courtesy, we kindly request that you contact the pro shop 48 hours in advance so that the club can make the tee times available to other members and guests. If it is less than 48 hours, please call or stop by the golf shop as early as possible to allow standby golfers the ability to play.

Pace of Play: We strive to ensure that all the club's patrons have memorable golf experiences when it comes to pace of play. Every effort possible will be made to ensure that all players maintain a reasonable pace of play. Please keep in mind that golfer skill levels vary and there will be times (especially in season) when rounds of golf will take longer than they do in off-season. This is directly related to the number of players on the course as well as the wide variety of skill levels. Should a member encounter a slow pace of play situation, please notify the golf shop by phone, or the nearest ranger or starter as soon as possible. We will dispatch immediate assistance. When there is a double tee start (teeing off 1 and 10), the lead group plays the first nine holes in under 2 hours. However, that group may be required to wait at the turn in order for the last scheduled tee time in that block to start.

Dress Code: Casual attire is permitted throughout the clubhouse, practice facility and golf course. Men's casual attire includes collared shirts and shorts or slacks. Denim shorts or pants are not permitted. Ladies' casual attire includes collared or non-collared shirts, and sleeveless shirts are permitted.

Membership Leave of Absence: Should a member choose to take a medical leave of absence, he/she must present a letter of application to the club's General Manager. The club allows, as a courtesy, a one-time leave of absence per membership type, for the life of your membership.

Games and Group Tee Times: One of the unique features of our club is the variety of activities it provides to its patrons. We offer various "games" to our members throughout the week. In order for new members and/or existing members to participate in these games, they either sign up or receive information about the "game" on the club's bulletin board, which is also a great way for our staff to showcase the activities and "games" that our club has to offer potential new members. All groups that receive blocked tee times must have information about the group and or sign-up sheet on the bulletin board in order to receive blocked tee times in the shotgun.
